PART ONE: EXECUTIVE SUMMARY

Introduction. This is a Request for Proposals (RFP) under Section 125.071 of the Ohio Revised Code (ORC) and Section 123:5-1-08 of the Ohio Administrative Code (OAC). The Ohio Consumers' Counsel (OCC) is soliciting competitive sealed proposals (Proposals) for **First Energy Political and Charitable Contribution Spending Audit Expert**. If a suitable offer is made in response to this RFP, the OCC may enter into a contract (Contract) to have the selected Offeror (the Contractor) perform all or part of the Project. This RFP provides details on what is required to submit a Proposal, how OCC will evaluate the Proposals, and what will be required of the Contractor in performing the work.

Background. The OCC plays an integral part in Ohio's government and economy by fulfilling its role as the advocate agency for residential utility consumers. Established in 1976, the OCC's services for Ohio consumers include advocacy on their behalf on issues involving the affordability and quality of their utility services. OCC also provides education for consumers regarding their utility services.

The law governing the agency's activities is contained in Chapter 4911 of the Ohio Revised Code.

Purpose. This is an RFP issued by the OCC to solicit bids from Independent Contractors for technical assistance to review the political and charitable spending by Ohio Edison Company, The Cleveland Electric Illuminating Company, and the Toledo Edison Company (Utility or FirstEnergy Utilities) and if such spendings were directly or indirectly collected through rates paid by Ohio ratepayers. The Independent Contractor will also propose and recommend appropriate PUCO remedial actions, such as forfeiture and refunds, in response to any findings in this proceeding. (PUCO Case No. 20-1502-EL-UNC).

PART THREE: SCOPE OF WORK AND DELIVERABLES

This section describes the scope of work and what the selected Offeror must deliver as part of the completed work (the “Deliverables”) to meet the terms and conditions of a subsequent contract.

Scope of Work. The Independent Contractor will be fully responsible for the review, analysis and evaluation of all materials filed by the FirstEnergy Utilities (Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company), the auditor (Marcum LLP) and any other parties in this proceeding relating to the review the political and charitable contribution spending by FirstEnergy Utilities, regarding the accounting of such spending and any collection from Ohio ratepayers of any spending, and the appropriate PUCO remedial actions including forfeiture and refunds to consumers. (PUCO Case No. 20-1502-EL-UNC).

The Independent Contractor will also be responsible for the review and analysis of the political and charitable contribution spending background materials, such as the audit completed by the Federal Energy Regulatory Commission (FERC) in February 2022, may be provided by OCC, or identified by the Independent Contractor during the course of its review. The Independent Contractor will be expected to bring to its analysis substantial experience in evaluating all issues related to the audit and review of political and charitable contribution spending and the collection from ratepayers for such spending by regulated utilities.

Summary. On September 15, 2020, the Public Utilities Commission of Ohio (PUCO) opened a proceeding, Case No. 20-1502-EL-UNC, to review the political and charitable spending by the FirstEnergy Utilities in support of Am. Sub. H.B.6 and the subsequent referendum effort. The PUCO also directed FirstEnergy Utilities to show cause, by September 30, 2020, demonstrating that the costs of any political or charitable spending in support of Am. Sub. H.B. 6, or the subsequent referendum effort, were not included, directly or indirectly, in any rates or charges paid by ratepayers in this state. On October 28, 2021, the PUCO set a comment period and various parties, including OCC, filed initial and reply comments on November 29, 2021, and December 14, 2021, respectively.

On February 7, 2022, OCC filed correspondence requesting FirstEnergy Utilities (and its parent FirstEnergy Corp.) disclose all documents given to FERC as part of its recent audit of FirstEnergy Corp. and its subsidiaries. In support of its request, OCC stated that the FERC audit report was recently publicly filed on February 4, 2022, arguing that the confidentiality of the audit materials was no longer an issue.

On March 9, 2022, the Commission directed Staff to issue a request for proposal to acquire auditing services to assist the PUCO with its review of the political and charitable spending of the FirstEnergy Utilities and further noted that the auditor’s investigation shall determine whether FirstEnergy Utilities’ show cause demonstration is sufficient to ensure that the cost of any political or charitable spending in support of Am. Sub. H.B. 6, or the subsequent referendum effort, were not included, directly or indirectly, in any rates or charges paid by ratepayers in this state. On May 4, 2022, the PUCO selected Marcum LLP as the auditor. Marcum is expected to file its audit report by December 16, 2022.

Work Requirements and Deliverables. The Independent Contractor shall undertake the following work and activities, as requested and approved by OCC, for the identification, analysis and development of issues related to the political and charitable spending by the FirstEnergy Utilities in support of Am. Sub. H.B.6 and the subsequent referendum effort and if such political and charitable spendings were not included, directly or indirectly, in any rates or charges paid by Ohio ratepayers. The Independent Contractor shall also evaluate and propose appropriate PUCO remedial actions, including forfeiture and refunds, if such political and charitable spendings were included, directly or indirectly, in any rates or charges paid by Ohio ratepayers.

Deliverable 1

- 1) Review and prepare an analysis and critique of the Initial comments and Reply Comments filed by all parties and supporting documents.

- 2) Review and prepare an analysis and critique of the forthcoming Audit Report by Marcum, the completed FERC Audit reports, workpapers, supporting documents and accounting records provided by Marcum, PUCO, FirstEnergy Utilities, and other parties.
- 3) Provide technical support for the discovery process in the proceeding, including:
 - a. Prepare discovery (interrogatories and requests for production of documents);
 - b. Review responses to OCC's discovery;
 - c. Attend depositions scheduled as required by OCC's Lead Attorney;
- 4) As required, give deposition testimony; and
- 5) Review discovery requests served upon the OCC by other parties and assistance in preparing OCC's responses to such discovery.

Deliverable 2

- 6) Prepare and Submit testimony advising and advocating OCC position regarding the political and charitable spending by the FirstEnergy Utilities and if such political and charitable spendings were not included, directly or indirectly, in any rates or charges paid by Ohio ratepayers:
 - a. Prepare written, direct and, if needed, rebuttal testimony and presentation of that testimony at the hearing;
 - b. Testimony shall include the assessment of the accounting and allocation of political and charitable spending by the FirstEnergy Utilities, if such political and charitable spendings were not included, directly or indirectly, in any rates or charges paid by Ohio ratepayers, and appropriate PUCO actions including forfeiture and refunds to consumers.
- 7) Review the information developed by, and the testimony of, any other consultants retained by OCC in order to coordinate the OCC's development of issues in this proceeding.

Deliverable 3

- 8) Provide technical support, as identified by OCC's Lead Attorney, for the legal preparation involved in the proceeding including an analysis of written and oral testimony of other witnesses (Utility, PUCO Staff and other parties) to assist with cross-examination.
- 9) Provide technical assistance needed for any pre-hearing or settlement conferences.
- 10) Provide technical assistance subsequent to the hearing in order to prepare post-hearing briefs and evaluate issues for possible rehearing and/or appeals including, but not limited to, evaluation of those and related issues in the PUCO's Opinion and Orders, if requested, by OCC's Lead Attorney.

PART FOUR: PROPOSAL REQUIREMENTS

Proposal Format. Each proposal must include sufficient data to allow the OCC to verify the total cost for the work and all of the Offeror's claims of meeting the RFP's requirements. These instructions describe the required format for a responsive proposal. The Offeror may include any additional information it believes is relevant.

1. **Offeror Profile.** Each proposal must include a general profile of the prospective Offeror's relevant experience working on projects similar to this work. In the **Offeror's Profile Summary**, (See *Attachment One*), details on prior and current similar and/or relevant work projects should be provided, including the scope of such work and clients. While detail is generally preferred on an Offeror's most recent work, Offerors are encouraged to provide detail on relevant work in Ohio.

The profile must also include the Offeror's legal name, address, and telephone number; home office location; date established; ownership (such as public firm, partnership, or subsidiary); firm leadership (such as corporate officers or partners); total number of employees nationwide and in Ohio; the percentage of women employees nationwide and in Ohio; the percentage of minorities nationwide and in Ohio; number of employees to be engaged in tasks directly related to the work; and any other background information the prospective Offeror believes would be useful during the proposal evaluation process.

2. **Work Plan.** The prospective Offeror must fully describe its approach, methods, and specific work steps for doing the work and producing the **Work Requirements and Deliverables** set forth in Part Three of this RFP. The OCC encourages responses that demonstrate a thorough understanding of the nature of the work and what the Offeror must do to get the work done well. The prospective Offeror must also provide a complete and detailed description of the way it will do the work that addresses the areas of concern identified in the Scope of Work. The OCC seeks insightful responses that describe proven, state-of-the-art methods. Recommended solutions should demonstrate the prospective Offeror's ability to quickly undertake and successfully complete the required tasks.

The prospective Offeror's work plan must clearly and specifically identify key personnel assignments, by individual, as to who would be addressing the deliverables set forth in Part Three of this RFP.

3. **Personnel Profile Summaries.** Each proposal must include a profile and/or resume that demonstrates the competency of the Offeror by submitting the following information:
 - **Team Members Names**
 - **Experience and Qualifications.** Experience and qualifications relevant to this project.
 - **Dates of Employment.** The length of time the team members performed relevant work requiring the necessary technical expertise.
 - **Project Experience.** The work of the team members on projects of similar or greater size and scope.
4. **References.** The prospective Offeror must include three references for which the prospective Offeror has successfully provided services on projects that were similar in their nature, size, and

scope of work. These references must relate to work that was completed within the past five (5) years.

Note: Each reference must be willing to discuss the prospective Offeror's performance with an OCC representative.

5. Cost Summary. Each Offeror must provide a cost summary table showing: (1) Team Members' names, (2) their hourly rates, (3) their estimated hours, and (4) total estimated project cost for the Work Requirements and Deliverables set forth in Part Three of this RFP.

- a) The OCC requires the inclusion of ALL expenses associated with this project within the hourly rates and hours used to determine the costs for the deliverables, thereby eliminating the need for expense billings. Items to be taken into consideration in determining the cost of each deliverable should include supplies and materials, transportation and per diems, copying and overnight mail charges, etc. The successful Offeror will be responsible for direct payment to vendors for any requirements for overnight mail and any "on-site" photocopying charges.
- b) Offeror will invoice only for actual work performed and documented.

The OCC will not be liable for any costs the prospective Offeror does not identify in its proposal.

6. Submit an original W9 form along with your response to this RFP so that, if a contract is awarded, the OCC can process any invoices submitted by your company. The Internet link to the form is: <http://www.irs.gov/pub/irs-pdf/fw9.pdf>. The form must be signed and dated.
7. The Offeror must complete the Standard Affirmation and Disclosure form attached to this RFP which addresses Executive Order 2022-02D, Governing the Expenditure of Public Funds on Offshore Services. This executive order states in part "...No State Cabinet Agency, Board or Commission ("Executive Agency") shall enter into any contract which uses any public funds within its control to purchase services which will be provided outside of the United States..." By the signature affixed to this response, the Bidder/Offeror affirms, understands and will abide by the requirements of Executive Order 2022-02D. If awarded a contract, the Bidder/Offeror becomes the Independent Contractor and affirms that both the Independent Contractor and any of its subcontractors shall perform no services requested under this Contract outside of the United States.
8. Submit a statement as part of your response to this RFP, affirming that you or members of your staff do not currently owe any money to the state of Ohio or have an unresolved finding for recovery from the Auditor of State as per Ohio Revised Code (ORC) 125.25. To access more information regarding ORC 125.25, please visit: <http://codes.ohio.gov/orc/125.25>.
9. Campaign Contribution. House Bill 694 requires that every contract for goods or services of more than \$500 must contain a certification signed by the contract recipient certifying that the recipient is in compliance with ORC 3517.13 Divisions (I) or (J) regarding limitations on political contributions. If awarded a contract, the Offeror will certify that they are in full compliance with these Divisions of ORC 3517.13. For more information, please refer to <http://codes.ohio.gov/orc/3517.13>.

PART FIVE: EVALUATION OF PROPOSALS AND CONTRACT AWARD

Evaluation of Proposals. The evaluation process may consist of up to four distinct phases:

1. The Initial Review of all proposals for defects.
2. The Evaluation of the Proposals technical merits and cost summary.
3. Request for More Information (Interviews, Presentations, and Demonstrations).
4. Contract Negotiations.

It is within the purview of the OCC to decide whether phases three and four are necessary.

Initial Review. The proposals will be reviewed for their timeliness, format, and completeness. Any incomplete, or incorrectly formatted proposals may be rejected. Likewise, any defects may be waived or a prospective Offeror may be allowed to submit a correction.

OCC may reject unsolicited proposal amendments received after the deadline. OCC will reject late proposals regardless of the cause for the delay. Should a disagreement occur regarding delivery, the Offeror must provide evidence of delivery date and time.

Team Review of the Proposals. Each member of the review team will evaluate and numerically score the technical merits each Proposal. The evaluation will be according to the criteria contained in *PART SIX* of the RFP. The evaluation team has a right to break these criteria into components and weight any components of a criterion according to their perceived importance. The evaluation team will meet and review each Offeror's scores and come to an agreement on a consensus score.

Once the technical merits are evaluated, the cost summary will be evaluated.

Clarifications: During the evaluation process, clarifications may be requested from any Offeror under consideration and the clarification may give any Offeror the opportunity to correct defects in its Proposal. This may be done in cases where doing so would not result in an unfair advantage to the Offeror and the clarification is in the best interest of the OCC.

Rejection of Proposal. The OCC may reject any proposal that is not in the required format, does not address all the requirements of this RFP, or that the OCC believes is excessive in price or otherwise not in the best interest of the OCC to consider or to accept. In addition, the OCC may cancel this RFP, reject all the proposals, and seek to do the work through a new RFP or other means.

Offeror's Performance History with Other Jurisdictions. Offerors must identify three (3) references from previous contracts of similar size and complexity to the scope of this RFP. A reference check questionnaire may be sent to the three references. If the Offeror has previous experience with OCC, the OCC will complete the questionnaire based on the Offeror's performance history. The OCC questionnaire will count as one of the three required reference checks.

Interviews, Presentations and Demonstrations. The evaluation team may require an Offeror to interview with the evaluation team regarding their Proposal. Such presentation, demonstrations, and interviews provide the Offeror with an opportunity to clarify its Proposal and to ensure a mutual understanding of the RFP content. These presentations, demonstrations, and interviews will be scheduled

at the convenience and discretion of the evaluation team. This phase of the evaluation is not an opportunity for the Offeror to engage in any negotiations over the form of the Proposal or required scope of the services.

Contract Negotiations. The final phase of the evaluation process may be contract negotiations. The evaluation team will schedule all negotiations. The selected Offeror(s) must negotiate in good faith. The evaluation team may conduct negotiations with any Offeror who submits a competitive Proposal, but the evaluation team may limit discussions to specific aspects of the RFP. Neither the Team, nor an Offeror, may disclose to another Offeror a priced Proposal or any other material information derived from competing Proposals. Any negotiated changes will be reduced to writing and become part of the contract file.

In the event that the Offeror fails to negotiate in good faith, OCC may terminate negotiations and is under no obligations to enter into a contract with the Offeror.

Contract Award. The contract will be awarded to the Offeror that demonstrates a clear understanding of OCC's expectations; can complete the scope of work and deliverables within the designated timeframe, and is the most competitive or lowest cost per point ration.

The OCC plans to tentatively award a Contract for this work no later than the date specified in Part Two of this RFP. The OCC reserves the right to change the contract award date if it becomes necessary.

In awarding the Contract, OCC will issue an award letter to the selected Offeror. The Contract will not be binding on OCC until the OCC's duly authorized representative signs the Contract, the OCC issues a purchase order and all other prerequisites identified in the Contract have occurred. The selected Offeror will receive an executed copy of the contract.

Contract. If this RFP results in a Contract award, the Contract will include this RFP, written amendments to this RFP, the Offeror's Proposal, and written, authorized amendments to the Offeror's Proposal. The RFP and Proposal will be attached and incorporated into the standard OCC Service Contract (see Attachment Two). The Contract may also include any materials incorporated by reference in the above documents. The general terms and conditions for the Contract are contained in the Service Contract Attachment Two to this RFP. If there are conflicting provisions between the documents that make up the Contract, the order of preference for the documents is as follows:

1. This RFP, as amended;
2. The documents and materials incorporated by reference in the RFP;
3. The Offeror's Proposal, as amended; and
4. The documents and materials incorporated by reference in the Offeror's Proposal.

Notwithstanding the order listed above, amendments issued after the Contract is executed may expressly change the provisions of the Contract. If they do so expressly, then the most recent amendment will take precedence over anything else that is part of the Contract.

The Independent Contractor must provide all deliverables under this Contract. If any of the deliverables in this Contract are provided beyond the end date of the contract, this Contract will be extended through a renewal contract. Any compensation to the Independent Contractor under the renewal contract will be subject to the Total Cost as set forth in this Contract.

**Cost Summary RFP: OCC 23099
FirstEnergy Political & Charitable Contribution Spending Audit Expert**

Following is a cost summary showing a not-to-exceed project cost for the work required and deliverables as outlined in Part Three of this RFP. *Please use form as a guide and adjust as necessary.*

Deliverables / Description of Tasks	Employee	Hours	Hourly Rate	Estimated Cost

Total Cost: \$ _____

COST PROPOSAL POINTS OCC will use the information the Offeror submits on the Cost Summary Form to calculate Cost Proposal Points. OCC will calculate the Offeror’s Cost Proposal points after the Offeror’s total technical points are determined, using the following method:

Cost points = (lowest Offeror’s cost/Offeror’s cost) x Maximum Allowable Cost Points as indicated in the “Scoring Breakdown” table. “Cost” = Firm Fixed Price identified in the Cost Summary section of Offeror’s Proposal. In this method, the lowest cost proposed will receive the maximum allowable points.

The number of points assigned to the cost evaluation will be prorated, with the lowest accepted Cost Proposal given the maximum number of points possible for this criterion. Other acceptable Cost Proposals will be scored as the ratio of the lowest Cost Proposal to the Proposal being scored, multiplied by the maximum number of points possible for this criterion.

An example for calculating cost points, where Maximum Allowable Cost Points Value = 60 points, is the scenario where Offeror X has proposed a cost of \$100.00. Offeror Y has proposed a cost of \$110.00 and Offeror Z has proposed a cost of \$120.00. Offeror X, having the lowest cost, would get the maximum 60 cost points. Offeror Y’s cost points would be calculated as \$100.00 (Offeror X’s cost) divided by \$110.00 (Offeror Y’s cost) equals 0.909 times 60 maximum points, or a total of 54.5 points. Offeror Z’s cost points would be calculated as \$100.00 (Offeror X’s cost) divided by \$120.00 (Offeror Z’s cost) equals 0.833 times 60 maximum points, or a total of 50 points.

OCC will apply the Veterans Friendly Business Enterprise preference as required by ORC 9.318 and OAC 123:5-1-16.

VI. PERFORMANCE AND COMPLIANCE

A. AUDITS. The Contractor must keep all financial records in a manner consistent with Generally Accepted Accounting Principles (GAAP) or equivalent accounting principles. Additionally, the Contractor must keep separate business records for this project, including records of disbursements and obligations incurred that must be supported by Contracts, invoices, vouchers and other data as appropriate.

During the period covered by this Contract and until the expiration of three (3) years after final payment under this Contract, the Contractor agrees to provide the State, or any authorized representatives providing financial support to the work undertaken hereunder, with access to and the right to examine any books, documents, papers and records of the Contractor involving transactions related to this Contract.

The Contractor must, for each subcontract in excess of \$2,500, require its subcontractors to agree to the same provisions of this Section. The Contractor may not artificially divide Contracts with its subcontractors to avoid requiring subcontractors to agree to this provision. This provision does not apply to Contracts where federal funds are used and the federal government requires audits of all subcontracts regardless of the amount of the Contract.

The Contractor must provide access to the requested records no later than five (5) business days after the request by the State, the State's designee or any party with audit rights. If an audit reveals any material deviation from the Contract requirements, any misrepresentations, or overcharge to the State or any other provider of funds for the Contract, the State or other party will be entitled to recover damages as well as the cost of the audit.

B. F.O.B. DESTINATION/ACCEPTANCE. The Contractor must provide Deliverables under this Contract F.O.B. Destination. The place of destination will be specified by the Ordering Agency on the agency's purchase order or other ordering document. Cost of the freight must be borne and paid by the Contractor unless otherwise stated.

All risk of loss, regardless of the cause, will remain with the Contractor until title to the Deliverable passes to the State. Unless otherwise provided in this Contract, the State will determine whether the Contractor provided each Deliverable required in this Contract and has fully met all work requirements of this Contract. Title to any Deliverables will pass to the State on Acceptance of the Deliverable.

C. RETURNED GOODS. When the use of this Contract involves the purchase of goods, the following applies:

(A) Returned goods, when due to Contractor error (i.e. over-shipment, defective merchandise, unapproved substitution, etc.), shall be returned to the Contractor at the Contractor's expense. The Contractor shall make arrangements to remove the returned goods from the ordering agency premises within seven (7) calendar days after notification. The Contractor shall not apply any restocking or other charges to the ordering agency. At the option of the ordering agency, replacement items may be accepted and will be shipped within seven (7) calendar days of notification. Failure of the Contractor to arrange for return of the items within the specified time will result in the items being deemed as abandoned property and the ordering agency will dispose of accordingly.

(B) For orders of custom manufactured items, the Contractor must provide a production sample of the item to the ordering agency for acceptance. The production sample must be identical to the item to be provided. The ordering agency will provide written acceptance of the item prior to the Contractor continuing with production. Once delivery and acceptance has been completed and the ordering agency determines for any reason that any remaining quantities will not be used, the agency may request the return of the custom manufactured items. Acceptance of the return of custom manufactured items will be at the option of the Contractor. Failure of the Contractor to provide a production sample and obtain written approval from the ordering agency will result in the Contractor bearing all responsibility and costs associated with the return of these goods.

(C) Returned goods of regular catalog stock merchandise, when due to agency error (i.e. over purchase, discontinued use, inventory reduction, etc.) will be accepted by the Contractor if notice is given by the agency within six (6) months of delivery and acceptance. All items to be returned must be unused and in their original containers and in suitable condition for resale. Return of regular stock catalog merchandise, when delivery and acceptance exceed six (6) months will be at the option of the Contractor.

D. CUSTOM DELIVERABLES. All custom work done by the Contractor and covered by this Contract will belong to the State with all rights, title, and interest in all intellectual property that comes into existence through the Contractor's work under this Contract being assigned to the State. Additionally, the Contractor waives any shop rights, author rights, and similar retained interests in any such custom developed materials. The Contractor must provide the State with all assistance reasonably needed to vest such rights of ownership in the State. However, the Contractor will retain ownership of all tools, methods, techniques, standards, and other development procedures, as well as generic and preexisting shells, subroutines, and similar material incorporated in any custom Deliverable ("Pre-existing Materials").

The Contractor grants the State a worldwide, non-exclusive, royalty-free, perpetual license to use, modify, sell, and otherwise distribute all Pre-existing Materials that are incorporated in any custom-developed Deliverable. The Contractor may not include in any custom Deliverable any intellectual property unless such has been created under this Contract or qualifies as Pre-existing Material. If the Contractor wants to incorporate any Pre-existing Materials in a custom Deliverable, the Contractor must disclose that desire to the State and obtain written approval from the State for doing so in advance. On the request of the Contractor, the State will incorporate any proprietary notice that Contractor may reasonably want for any Pre-existing Materials included in a custom Deliverable in all copies the State makes of that Deliverable. Subject to the limitations and obligations of the State with respect to Pre-existing Materials, the State may make all custom Deliverables available to the general public without any proprietary notices of any kind.

E. FORCE MAJEURE (EXCUSABLE DELAY). Neither party will be liable for any delay in its performance that arises from causes beyond its or its subcontractor's control and without its or its subcontractor's negligence or fault. For purposes of this Section, the term "force majeure event" includes without limitation, the following: Acts of God, such as pestilence, lightning, earthquakes, fires, storms, hurricanes, tornadoes, floods, washouts, droughts, severe weather. Additional circumstances and events include epidemics, explosions, restraining of government and people, war, strikes, and other similar events or causes.

If the State or the Contractor cannot perform any part of its obligations under this Contract because of force majeure, that party is excused from those obligations, to the extent that performance is prevented by the force majeure event and that party took all commercially reasonable steps to mitigate or avoid the effects of the force majeure event. If there is only a delay in performance, such delay may extend only for that time lost because of the force majeure event. At any time a party is unable to perform those above-referenced obligations, it must also do the following:

1. Promptly notify the other party, in writing, of any material delay in performance due to a specified force majeure event;
2. Provide detailed information of the force majeure event;
3. Provide a proposed revised performance date to make up for performance delays due to the force majeure event. When applicable, the revised schedule must provide for performance time not to exceed the time lost as a result of the force majeure event.

F. CONTRACT PERFORMANCE MANAGEMENT. The Contracting and Ordering Agencies are responsible for administering and monitoring the Contractor's compliance and performance on this Contract. Therefore, the Contractor must respond to complaints about performance of the obligations in this Contract to such entities in a timely manner. If the Contractor fails to perform any one of its obligations under this Contract, it will be in default.

If the Contractor fails to satisfactorily correct the performance or compliance issue within the time designated by the Agency, the Contracting Agency may employ all available options and remedies, including termination of the Contract if necessary to resolve the Contractor's continued nonperformance or noncompliance.

G. QUALITY ASSURANCE. At the option of the Contracting or Ordering Agency samples may be taken from deliveries made and submitted for laboratory tests. The Ordering Agency will bear the cost of testing when samples are found to be in compliance with the Contract. If samples do not conform to the Contract, Contractor will bear the costs of testing and the terms and conditions of the Suspension/Termination provision of this Contract will be applied.

H. CONTRACT REMEDIES.

1. Actual Damages. The Contractor is liable to the State for all actual and direct damages caused by the Contractor's default. The State may self-perform or buy substitute Deliverables from a third party for those that were to be provided by the Contractor. The State may recover the costs associated with acquiring substitute Deliverables, less any expenses or costs avoided by the Contractor's default.

2. Liquidated Damages. If actual and direct damages are uncertain or difficult to determine, the State may recover liquidated damages. Unless otherwise specified, liquidated damages will be in the amount of 1% of the value of the order, Deliverable, or milestone that are the subject of the default, for every day that the default is not cured by the Contractor.

3. Deduction of Damages from Contract Price. The State may withhold payment and deduct all or any part of the damages resulting from the Contractor's default from any part of the Contractor's compensation still due on the Contract.

I. SUSPENSION/TERMINATION. In the event of suspension or termination the State will issue a notice. Any notice of suspension or termination, in full or in part, will be effective as specified in the notice. The Contractor must immediately cease all work, refuse any additional orders, and take all steps necessary to minimize the costs the Contractor will incur related to this Contract as directed by the notice. Suspension, termination or expiration of this Contract will not limit the Contractor's continuing obligations with respect to Deliverables that the State paid for or limit the State's rights in such.

At the State's request, the Contractor must immediately prepare a final report and deliver such report to the State. The report must detail the work completed and/or the orders received and not processed prior to the time of notice. If applicable, the report must include the percentage of the Project's completion, estimated time for delivery of all orders received but not processed, any costs incurred by the Contractor in doing the Project to date, and any Deliverables completed or partially completed but not delivered to the State at the time of notice. Based on the State's approval of the final report and as directed, the Contractor must deliver work, whether completed or not, to the State. Any delivered work will be subject to approval by the State. The Contractor may be entitled to payment for any Deliverables that have been delivered and accepted at a pro-rated amount based on the compensation structure of this Contract.

1. Contract Suspension.

a. Suspension for Cause. If the Contractor fails to perform any one of the Contractor's obligations under this Contract, the Contractor will be in default and the State may suspend rather than terminate this Contract. In the case of suspension for default, the State will be entitled to all remedies available under this Contract.

b. Suspension for Convenience. In the case of a suspension for the State's convenience, the amount of compensation due to the Contractor for work performed before the suspension will be determined in the same manner as provided in Section H.2.a. for termination for the State's convenience or the Contractor

may be entitled to compensation for work performed before the suspension. The notice of suspension whether, with or without cause, will be effective immediately, on the Contractor's receipt of the notice.

2. Contract Termination.

- a. **Termination for Convenience.** The State may terminate this Contract, or an Ordering Agency may terminate an Order, for its convenience after issuing written notice to the Contractor. The Contractor will be entitled to the pro-rated contract price for any Deliverable or portion of a Deliverable that the Contractor has delivered and the State has accepted before the termination. Total payments will not exceed the amount payable to the Contractor as if the Contract had been fully performed. This will be the Contractor's exclusive remedy in the case of termination for convenience and is available to the Contractor only after the Contractor has submitted a proper invoice.
- b. **Termination for Cause.** If the Contractor fails to perform any of its obligations under this Contract, the Contractor will be in default and the State may terminate this Contract in accordance with this Section. Termination for cause includes but is not limited to:
 - 1) **Termination for Persistent Default.** The State may terminate this Contract for defaults that are cured, but are persistent. "Persistent" means three or more defaults. After the State has notified the Contractor of its third default, the State may terminate this Contract without providing the Contractor with an opportunity to cure. The three defaults are not required to be related to each other in any way.
 - 2) **Termination for Endangered Performance.** The State may terminate this Contract if the State determines that the performance of the Contract is endangered through no fault of the State.
 - 3) **Termination for Financial Instability.** The State may terminate this Contract if the Contractor fails to timely pay its subcontractors, files a petition in bankruptcy or similar action, or the State finds other evidence of the Contractor's financial instability.
 - 4) **Termination for Delinquency, Violation of Law.** The State may terminate this Contract if the State determines that the Contractor is delinquent in its payment of federal, state or local obligations including but not limited to taxes, workers' compensation insurance premiums, unemployment compensation contributions, child support, court costs or any other obligation owed to a State agency or political subdivision. The State also may terminate this Contract if the State determines that the Contractor has violated any law during the performance of this Contract.
 - 5) **Termination for Subcontractor Default.** The State may terminate this Contract for the default caused by the Contractor's subcontractors. Any claims of its subcontractors due to suspension or termination will be the sole responsibility of the Contractor.
 - 6) **Termination for Failure to Retain Certification, License, and Permits.** The State may immediately terminate the Contract if Contractor fails to obtain and maintain all official permits, approvals, licenses, certifications, and similar authorizations required by this Contract or by any local, state, or federal law throughout the duration of this Contract.

J. **TIME IS OF THE ESSENCE.** Time is of the essence in this Contract. The Contractor must deliver Deliverables and meet milestones as required by the Contract or coordinate an acceptable date and time for delivery with the Ordering Agency. If the Contractor is not able to or does not provide the Deliverables to the Ordering Agency or meet milestones by the date and time set forth in the Contract or agreed upon by the parties, the State may obtain any remedy as described herein or any other remedy at law.

K. **ePROCUREMENT.** The State plans to establish an eProcurement System which, in part, will provide certain electronic catalog hosting and contract management services to enable Ordering Agencies to access an online site to procure goods and services. It is the expectation that the Contractor will cooperate with the State if this Contract is identified to be a part of the eProcurement System.

VII. DATA AND INFORMATION CONTROL

- A. **CONFIDENTIALITY.** The Contractor may learn of information, documents, data, records, or other material that is confidential in the performance of this Contract. The Contractor may not disclose any information obtained by the Contractor as a result of this Contract, without the written permission of the State. The Contractor must assume that all State information, documents, data, source codes, software, models, know-how, trade secrets, or other material is confidential. In addition, the Contractor may not disclose any documents or records excluded by Ohio law from public records disclosure requirements. The Contractor's obligation to maintain the confidentiality of the information will not apply where the information:

1. Was already in the Contractor's possession before disclosure by the State, and the information was received by the Contractor without the obligation of confidence;
2. Is independently developed by the Contractor;
3. Is or becomes publicly available without breach of this Contract except as provided in the next full paragraph;
4. Is rightfully received by the Contractor from a third party without an obligation of confidence.
5. Is disclosed by the Contractor with the written consent of the State; or
6. Is released in accordance with a valid order of a court or governmental agency, provided that the Contractor:
 - a. Notifies the State of such order immediately upon receipt of the order; and
 - b. Makes a reasonable effort to obtain a protective order from the issuing court or agency limiting disclosure and use of the confidential information solely for the purposes intended to be serviced by the original order of production.

Although some sensitive personal information, such as medical records, addresses, telephone numbers, and social security numbers may be publicly available through other sources, the Contractor shall not disclose or use such information in any manner except as expressly authorized in this Contract. Therefore, notwithstanding item 3 above, the Contractor does have an obligation to maintain the confidentiality of such sensitive personal information.

The Contractor must return all originals of any information provided by the State and destroy any copies the Contractor has made on termination or expiration of this Contract.

The Contractor will be liable for the disclosure of any confidential information. The parties agree that the disclosure of confidential information of the State may cause the State irreparable damage for which remedies other than injunctive relief may be inadequate, and the Contractor agrees that in the event of a breach of the obligations hereunder, the State shall be entitled to temporary and permanent injunctive relief to enforce this provision without the necessity of proving actual damages. This provision shall not, however, diminish or alter any right to claim and recover damages.

- B. **PUBLIC RECORDS AND RETENTION OF DOCUMENTS AND INFORMATION.** The Contractor acknowledges, in accordance with Section 149.43 of the Ohio Revised Code, that this Contract, as well as any information, Deliverables, records, reports, and financial records related to this Contract are presumptively deemed public records. The Contractor understands that these records will be made freely available to the public unless the State determines that, pursuant to state or federal law, such materials are confidential or otherwise exempt from disclosure. The Contractor must comply with any direction from the State or an Ordering Agency to preserve and/or provide documents and information, in both electronic and paper form, and to suspend any scheduled destruction of such documents and information.
- C. **SECURITY & SAFETY RULES.** When using or possessing State data or accessing State networks and systems, the Contractor, its employees, subcontractors and agents must comply with all applicable State rules, policies, and regulations regarding State-provided IT resources, data security and integrity. When on any property owned or controlled by the State, the Contractor must comply with all security and safety rules, regulations, and policies applicable to people on those premises.
- D. **USAGE REPORTS.** At no cost to the State and in addition to other reports required by the Contract, the Contractor shall be required to provide quarterly, bi-annual or annual usage reports as requested by all Contracting Agencies and Co-operative Purchasing Program members. The report may include customer name, date of purchase, item description, quantity, dollar value, aggregate sales to date for each customer and other such information. Electronic media is the preferred method for these reports. Failure to provide the requested reports may be deemed as an event of default.
